### QUESTION 1

You teach an economics lesson about the effects of using price discount strategies.

During the class, you provide detailed sales statistics from a major national retailer.

Some of the students question the effectiveness of price discount strategies.

You want to demonstrate to the students that the strategies are cost-effective.

What should you do?

- A. Search the Internet for Web sites that contain more information about retail pricing strategies.
- B. Enter sample sales figures into a spreadsheet to model the effects of using price discount strategies.
- C. Search the Internet for teaching resources on retail pricing strategies.
- D. Email several retail management experts and ask them for examples of how they use price discount strategies.

Correct Answer: B

---

### QUESTION 2

You want to improve the students' research skills by using ICT resources. The solution must help meet the school's organizational goals.

What should you do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Tell the students to search for information on the Internet.
- B. Give the students a list of Internet links to sites about acid rain.
- C. Give the students printed Web pages about acid rain.
- D. Work with the students to create a list of search terms.

Correct Answer: D

---

### QUESTION 3

You are a teacher at a secondary school. You work closely with the school administration.

A group of parents questions the large sum of money that the school invests in Information and Communication Technology (ICT) resources.

You are requested to prepare a response on behalf of the school.

On which argument will you base your response?

- A. Modern economies increasingly require a workforce that has good typing skills, so the school must try to incorporate computers into all its activities.
- B. Modern economies are increasingly based on knowledge and information, so students must learn the skills required to handle information.
- C. The business sector in modern economies increasingly expects schools to produce students who are qualified in financial knowledge.
- D. Modern economies increasingly depend on the growth of the computer manufacturing industry, an economic sector that schools must support.

Correct Answer: B

---

#### QUESTION 4

The school recently implemented the planned ICT changes and deployed laptops in your classroom.

Some of the laptops can access to the Internet, while others cannot.

You want to ensure that all of the laptops can access the Internet.

What should you verify?

- A. the wired network connection of the laptops
- B. the wireless network connection of the laptops
- C. whether the Internet router is on
- D. whether the laptops are plugged into a power outlet

Correct Answer: B

---

#### QUESTION 5

You want to explain how the planned ICT changes will most benefit your own productivity?

Which benefit should you refer to?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. You will be able to access professional development resources.
- B. You will be able to communicate with the parents more often.
- C. You will be able to produce better lesson plans.
- D. You will be able to use online tools for formative assessments.

Correct Answer: C

---

### QUESTION 6

You have used Information and Communication Technology (ICT) successfully in the classroom for several years.

A new teacher at the school says that she has had little opportunity to use ICT in the classroom. She wants to make use of the computer lab in her teaching.

What advice would you give her?

- A. Ensure that the planned activities are easy for the students.
- B. Ensure that the planned activities are fun for the students.
- C. Ensure that the planned activities are suitable for the learning objectives.
- D. Ensure that the students understand how ICT will be used to complete their activities.

Correct Answer: C

---

### QUESTION 7

You are requested to write the proposal to qualify for the sponsorship.

Which statement best describes the ICT Competency Framework for Teachers (ICT-CFT) policy goal that is met by implementing the new ICT resources?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. The new ICT resources help the teachers design activities that enable the students to become collaborative, problem-solving learners.
- B. The new ICT resources allow the teachers to update their ICT skills and to meet the professional development objectives.
- C. The new ICT resources allow the teachers to create virtual activities that can be self-administered by the students without any teacher involvement.
- D. The new ICT resources allow the teachers to create problem-solving activities that the students can perform in a virtual environment.

Correct Answer: A

---

### QUESTION 8

You want to track and manage student's performance data.

Which type of application should you use?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. desktop publishing
- B. presentation
- C. spreadsheet
- D. word processing

Correct Answer: C

---

### QUESTION 9

You are a teacher at a primary school. Your students are 9 and 10 years old.

Your classroom contains one desktop computer. Each student gets a 15-minute turn using the computer. The computer is always being used during class hours.

A new student with a physical disability joins the class. The student will need to complete his writing tasks on a classroom computer until he gets his own laptop computer.

What is the least disruptive and most equitable solution?

- A. Borrow a desktop computer from the school administration.
- B. Provide the new student access to the classroom computer after class hours.
- C. Provide the new student priority access to the classroom computer.
- D. Maintain the existing rotation schedule for the classroom computer, and then pair the new student with other students during their turn on the computer.

Correct Answer: A

---

### QUESTION 10

In addition to learning about symmetry, how else should the students benefit from using ICT during the second mathematics lesson? This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. ICT will teach them data entry skills.
- B. ICT will teach them computer programming skills.
- C. ICT will help them develop presentation skills.
- D. ICT will help them develop collaboration skills.

Correct Answer: D

---

### QUESTION 11

You want to identify the quickest and most cost-effective method to collect the students' presentations for assessment.

What should you ask the students to do?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Save their work to a USB drive.
- B. Save their work to a shared folder on the network.
- C. Print out their work and hand it in to you.
- D. Email their work to you.

Correct Answer: B

---

### QUESTION 12

You plan to ask the students to use a search engine during the persuasive writing lesson.

Which instructions or advice should you provide to the students?

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Search for organizations that use persuasive writing.
- B. Use a variety of search engines.
- C. Use a variety of Web browsers.
- D. The first search result will contain the information you seek.

Correct Answer: A

---

### QUESTION 13

You are preparing to teach the second mathematics lesson.

Which two tasks should you perform to ensure that the students benefit most from working in the computer lab? (Each correct answer presents part of the solution. Choose two.)

This item is part of a case study. To view the case study information, click on the Case Study button below.

- A. Verify that the Internet connection is only available on the teacher's computer.

- B. Verify that the printer has enough paper.
- C. Ensure that the data projector works.
- D. Verify that the computers have the appropriate software installed.
- E. Ensure that the USB drives have free space available.

Correct Answer: CD
